

Aero Accessories, Inc. SERVICE BULLETIN

INFORMATION

Service Bulletin Number: SB-004

Subject: Marvel-Schebler® Aircraft Carburetors

Applicability: Applies to Marvel-Schebler® aircraft carburetors produced under Aero Accessories, Inc's FAA-PMA authorization.

Compliance: As applicable; Carburetors produced under Aero Accessories, Inc's (Aero) FAA-PMA authorization include Marvel-Schebler® models: MA-3A™, MA-3PA™, MA-3SPA™, MA-4SPA™, MA-4-5™, MA-4-5AA™, MA-6AA™, and HA-6™. Marvel-Schebler Aircraft Carburetors, LLC (MSA), formerly known as Volarè Carburetors, LLC located in Gibsonville, N.C., produces the above-referenced carburetors under a direct-ship authority for Aero in accordance using historic, proprietary Marvel-Schebler® carburetor design data. Because MSA is the direct source of these carburetors, MSA's maintenance manuals, service bulletins and other maintenance data are the correct and appropriate data to reference when servicing these carburetors.

MSA data may be obtained directly from MSA (Telephone: 336-446-0002, or see www.msacarbs.com).

Borg-Warner (Marvel-Schebler), Facet Aerospace, Zenith, Precision Airmotive Corporation, LLC, are MSA's legitimate predecessors-in-interest. Carburetors produced by each of these predecessors-in-interest carry MSA's historic trademark model designations. Do not use MSA's (and/or its predecessor's) service manuals, service bulletins, or other maintenance data to service any carburetor not produced by MSA or its predecessors.

See MSA SB-19 for further information regarding use of MSA's service publications.
