**Save Time, Eliminate Messy Oil Changes, Reduce the Cost of Maintenance with
TEMPEST® EASY DRAIN OIL FILTER DRAIN TOOL**

Gibsonville, NC—Tempest Plus Marketing Group (TPMG) announces the immediate availability of the Tempest® Easy Drain oil filter drain tool—a product innovation specifically engineered to help pilot-certified owners and aviation maintenance technicians rethink the way they change their oil. Now, with the Easy Drain tool, routine maintenance is easier, faster, less messy, and less expensive.

Manufactured by Stratus Tool Technologies in Newnan, GA, the unique Easy Drain tool makes short work of cleanup. Its time-saving, three-step process eliminates drips, spills, and messes. Users simply slip the Easy Drain tool around the filter, attach the hose (included) and twist (to puncture the filter), and allow the oil to drain into the pan. Engineered with proprietary injection molded components, it works horizontally or vertically and accommodates a standard 3-1/2" filter diameter.

Tempest Easy Drain tools are now available from authorized Tempest distributors. For a complete listing, visit www.tempestplus.com/distributors.

For more information on Tempest aviation product solutions, call 800.822.3200, email information@temestplus.com, or visit www.tempestplus.com. Follow Tempest on Twitter @TempestMarketing, on Facebook @TempestMarketing, and on LinkedIn @TempestPlusMarketingGroupLLC.

Tempest® is the leading brand of pneumatic, filtration, and ignition components, including a complete line of OEM dry air pumps, oil filters, oil filter adapters, spark plugs, fuel pumps, Alcor® probes and instruments, specialty tools, and PowerFlite® starters and alternators. Tempest markets products manufactured by such companies as Aero Accessories, Inc., Aerospace Components, Inc., Alcor, Inc., Consolidated Fuel Systems, LLC, South Seas Ventures, Inc., and Stratus Tool Technologies, LLC. Tempest sales and marketing offices are located in Atlanta, GA, Greenville, SC, and Dallas, TX.
